

Federal Register (65 FR 63076). The notice stated that the required 30-day no action period for the proposal would end on November 20, 2000.

The managing agencies listed above have elected to delay signing a record of decision on this project, and to extend the no action period until January 31, 2001. No decision will be made about the proposal until after this date; the agencies will not undertake actions to implement any portion of this plan until after this date.

The decision to extend the no action period was made because (a) the managing agencies and the U.S. Fish and Wildlife Service have elected to reinstate consultation on the project pursuant to section 7 of the Endangered Species Act, (b) CD-ROM versions of the document were not available until mid-November, possibly precluding some persons from reviewing the document, and (c) the cover sheet in the FCMP/FEIS listed an incorrect post office box where comments may be sent. The correct address for comments is printed below.

DATES: The no-action period on this FEIS will now expire January 31, 2001.

ADDRESSES: Copies of the FCMP/FEIS are available by request by writing the Superintendent, Lower St. Croix National Scenic Riverway, P.O. Box 708, St. Croix Falls, WI 54024-0708. Comments also may be sent to this address. Copies of the FCMP/FEIS also may be requested by telephone at 715-483-3284, extension 625 or by e-mail from SACN_Superintendent@nps.gov. The document can be picked-up in person at the Lower St. Croix National Scenic Riverway headquarters at 401 Hamilton Street North, St. Croix Falls, WI.

FOR FURTHER INFORMATION CONTACT: Superintendent, Lower St. Croix National Scenic Riverway at the address and telephone listed above.

SUPPLEMENTARY INFORMATION: The Lower St. Croix National Scenic Riverway is a narrow corridor that runs for 52 miles along the boundary of Minnesota and Wisconsin, from St. Croix Falls/Taylor Falls to the confluence with the Mississippi River at Prescott/Point Douglas. The National Park Service manages a portion of the upper 27 miles of lands and waters of this corridor. The states of Minnesota and Wisconsin administer the lower 25 miles. The states and the federal government jointly conduct planning for the riverway.

The purpose of the cooperative management plan is to set forth the basic management philosophy for the riverway and to provide the strategies

for addressing issues and achieving identified management objectives. The FCMP/FEIS describes and analyzes the environmental impacts of a proposed action and four action alternatives for the future management direction of the riverway. The FCMP/FEIS also evaluates a preferred management structure and two management structure options for the riverway. No action alternatives are evaluated for both management direction and management structure.

The responsible officials are Mr. William Schenk, Midwest Regional Director, National Park Service; Mr. Allen Garber, Commissioner, Minnesota Department of Natural Resources; and Mr. George Meyer, Secretary, Wisconsin Department of Natural Resources.

Dated: November 17, 2000.

William W. Schenk,

Regional Director, Midwest Region.

National Park Service

Ellis Island South Side, New York Harbor, New Jersey, Notice of Intent To Prepare an Environmental Impact Statement and Notice of Public Meetings

In accordance with the National Environmental Policy Act of 1969 (Pub. L. 91-109 section 102(c)), the National Park Service (NPS) is preparing an Environmental Impact Statement (EIS) for Ellis Island South Side located in upper New York Harbor, within the State of New Jersey. The purpose of the EIS is to assess the environmental consequences of alternative rehabilitation and management strategies including transportation access that will be described in a Development Concept Plan (DCP) that will form the basis for the EIS.

The NPS will hold a series of scoping meetings to provide the public with an opportunity to provide input into the planning and assessment process. Meetings will be held at the following times and locations: 6-8 P.M., December 6, 2000, at the Department of Environmental Protection Meeting Room (1st Floor), Main DEP Building, 401 East State Street, Trenton, NJ; 11 A.M.-1 P.M., December 7, 2000, 3rd Floor Conference Room, Ellis Island Main Building; and 6-8 P.M., December 7, 2000, Conference Room 2, Bowling Green Custom House, Manhattan, NY.

The purpose of these meetings will be to obtain both written and verbal

comments concerning the future direction and development of Ellis Island South Side. Those persons wishing to obtain additional information should contact the Superintendent, Statue of Liberty NM and Ellis Island, Liberty Island, New York NY 10004.

The Draft DCP/EIS is expected to be completed and available for public review and comment in the early summer of 2000. After public and interagency review of the draft document comments will be considered, and a final EIS and record of decision shall be prepared.

Dated: November 15, 2000.

Thomas Dyer,

Chief of Planning, Northeast Region Development Office.

BILLING CODE 4310-70-P

DEPARTMENT OF THE INTERIOR**Bureau of Reclamation****Glen Canyon Adaptive Management Work Group (AMWG) and Glen Canyon; Technical Work Group (TWG)**

AGENCY: Bureau of Reclamation,
Interior.

ACTION: Notice of public meetings.

SUMMARY: The Adaptive Management Program (AMP) was implemented as a result of the Record of Decision on the Operation of Glen Canyon Dam Final Environmental Impact Statement and to comply with consultation requirements of the Grand Canyon Protection Act (Pub. L. 102-575) of 1992. The AMP provides an organization and process to ensure the use of scientific information in decision making concerning Glen Canyon Dam operations and protection of the affected resources consistent with the Grand Canyon Protection Act. The AMP has been organized and includes a federal advisory committee (the AMWG), a technical work group (the TWG), a monitoring and research center, and independent review panels. The TWG is a subcommittee of the AMWG and provides technical advice and information for the AMWG to act upon.

DATES AND LOCATION: The AMWG will conduct one public meeting as follows:

Phoenix, Arizona—January 11–12, 2001

The meeting will begin at 9:30 a.m. and conclude at 4 p.m. on the first day and begin at 8 a.m. and conclude at 12 noon on the second day. The meeting *will be held at the Bureau of Indian Affairs—Western Regional Office, 2 Arizona Center, Conference Rooms A and B (12th Floor), 400 North 5th Street, Phoenix, Arizona.*

Agenda: The purpose of the meeting will be to discuss the following: management objectives, basin hydrology, FY 2002 budget, development of the AMP Strategic Plan, environmental compliance, Fish and Wildlife Service recovery goals, and other administrative and resource issues pertaining to the AMP.

DATES AND LOCATION: The Glen Canyon Technical Work Group will conduct the following public meetings:

Phoenix, Arizona—December 7–8, 2000

The meeting will begin at 8 a.m. and conclude at 6 p.m. the first day. Location of the meeting will be at the Arizona Department of Water Resources, 500 N. Third Street, Phoenix, Arizona, Conference Room A. The meeting on the second day will begin at 8 a.m. and conclude at noon and *will be held at the*
